Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with William F. Bahret on August 29, 2005.

The following changes have been made to the subject application:

Non-elected claims 11-20 have been cancelled.

The Examiner's amendment has been made in order to place the application in a condition for allowance.

Reasons for Allowance

1. The following is an examiner's statement of reasons for allowance:

The cited art of record fails to teach a liquid-activated lighted artificial ice cube comprising an electronic circuit disposed with a hollow body including an active circuit element controlling current between a battery and a LED, and an electronic switch being connected to a pair of electrodes for responding to current flowing through a conductive liquid path and disconnecting the active circuit element from the battery in absence of a conductive liquid path between the electrodes and thereby deenergizes the circuit as defined in claim 1. Therefore, claims 1-10 are presently allowed.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
